

Hatecke freefall lifeboat installation on board the MV Norilskiy Nikel - an icebreaking supply/stand

Hatecke GmbH

Lifesaving Solutions You Can Rely On

Hatecke GmbH is one of the leading manufacturers of lifeboats, rescue boats and davit system.

All lifesaving equipment is being produced solely in Drochtersen / Germany. Under the ownership and management of Peter Hatecke approximately 540 boats and 450 davit systems have been built within the year 2008.

We put innovative developments into practice by applying state-of-the-art technology, by using the very latest materials and working in specialist teams to focus on every level of detail.

All after-sales activities will be covered by our own Hatecke Service GmbH and a world wide service network.
